**AGRISOLAR  
CLEARINGHOUSE**

Connecting businesses, land  
managers, and researchers with  
trusted resources to support the  
growth of co-located solar and  
sustainable agriculture

## OUR STORY

The AgriSolar Clearinghouse is an information-sharing, relationship-building, public communications hub for all things agrisolar. The AgriSolar community will:

- Connect farmers, developers, researchers, and the public
- Provide practical technical assistance
- Develop best practices and innovative solutions to barriers
- Evaluate innovative financing options
- Promote sustainable agrisolar opportunities

**Our 20 partners and 17 stakeholders include the leading agrivoltaic experts throughout the country. They provide cutting-edge research, technical assistance, facilitate relationships, and develop best practices.**

## TECHNICAL ASSISTANCE

The AgriSolar Clearinghouse is here to connect you with trusted, practical resources. Send us an email at [agrisolar@ncat.org](mailto:agrisolar@ncat.org) or call 866-723-8677.

## FORUM

Join the AgriSolar Forum to connect with researchers, farmers, ranchers, solar developers, land managers, graziers, beekeepers, and businesses who are co-locating solar and sustainable agriculture.

## INFORMATION LIBRARY

Explore the AgriSolar Clearinghouse Information Library for trusted resources on how to co-locate solar and sustainable agriculture.
